

Metal partition wall

Description

With this metal drawer divider, you create clear storage space for tools and small parts. With drawer dividers, you can easily and quickly divide the drawers in your workbench into separate segments. This allows you to keep (small) parts and materials organised and within easy reach. The drawer divider is variably adjustable, allowing you to divide the individual compartments according to your needs. The variable insertion system of the dividers ensures easy assembly and makes it easy to adjust the size of the compartments at any time. So you always remain flexible with the storage of your materials.

Features

Features:

- Clear organisation and storage
