

Pegboard

Description

This perforated metal tool wall has holes for attaching tool hooks and bins. The ideal way to organize all your (special) tools at a glance and to keep your workshop or garage clear. This metal hanging board is easy to mount behind a workbench or just on the wall. With the wide range of separately available hooks and hook sets you can store any tool firmly and conveniently on this wall plate. Available in various standard sizes, which can be easily connected both lengthwise and widthwise.

Properties:

electrostatic powder coated
colour RAL 5015
all four sides double curved
made of 1,20 mm. sheet steel
