Advantages: Very flexible, light paper Very good grain adhesion Can be used for both wet and dry grinding Abrasive paper, aluminium oxide type A: Economical alternative to normal loads when working on painted surfaces on wood and metals. Advantages: Stable paper Good abrasive performance Order note for BP: The grit sizes 100, 120, 150, 180 and 220 are supplied in packs of 100.

Extra information

Item number	PF45015080	
Model	BP W 230x280 SiC 800	
EAN	4007220588338	
CBS Statistics number	68052000	
Article group	PFERD	
Brand	PFERD	
Features	Length	280 mm
	Width	230 mm
	Grit size	800
	Abrasive	SiC
Article group code	1318537
