# Work socks Size 39-42

## Description

---

The ideal working sock with the perfect fit and optimum comfort! The COOLMAX<sup>®</sup> fibre in these work socks improves moisture evaporation and keeps feet dry. Combined with the CORDURA<sup>®</sup> fibre for extra reinforcement and wear resistance, these socks can withstand heavy loads.

These Techno work socks are finished with a towelling sole with reinforcement on both the heel and the toe, for maximum comfort and shock absorption. The ventilation channels ensure better air circulation. The perfect fit and elasticated cuff prevent sagging. The socks are hand-stitched, so the toe seam is flat and not felt.

- Coolmax
- Cordura
- Hand-stitched
- Elasticated board
- Available in different sizes

Material:

40% Cotton, 25% Coolmax Polyester, 20% Polyamide, 13% Cordura / Polyamide, 2% Elastomer

## Extra information

---

Item number	ALGE0001
Model	WS 3942
EAN	8718242560283
Article group	Shipping - / packaging yield #4610
Brand	Huvema
Features	Size 39-42
Article group code	1932967
