

Vertical toggle clamp

Description

This toggle clamp is suitable for a wide range of applications for clamping and releasing workpieces. It is used in metalworking for drilling, welding, grinding, testing, etc., as well as in woodworking and plastic processing for gluing, drilling, cutting, and milling operations. The clamp is made from high-quality components, is durable, and designed for continuous use. It features an oil-resistant, ergonomic plastic handle for optimal ease of use.

Material:

- Clamping plate: Stainless steel
- Rivet: Stainless steel
- Handle: Plastic
- Clamping screw: Steel, tempered, electro-galvanized; stainless steel

Extra information

Item number	20112511		
Model	GH-11502-B		
EAN	8718242563536		
Article group	TCE Tooling		
Brand	Huvema		
Features	Tensioning power	150 kg	
	Clamp fastening	95 – 185 °	
	Handle	75 – 110 °	
	Weight	0,19 kg	
	Relax height	125 mm	
Article group code	1977055
