The Huvema LMS 60 is extremely suitable for use in very heavy industry with profiles up to 700 mm.

Properties:

10440 LMS60 4 metres

10441 LMS60 112 CNC control in column 5.0Nm

Options:

10442 Linear guide extension per metre

10443 Roller conveyor per metre RB 830

Extra information

Item number	10447
Model	LMS60-CNC
EAN	8718242159470
CBS Statistics number	84615011
Article group	Measuring and pushing systems
Brand	Huvema
Features	Max. working length 3,6 m
Article group code	1041507
