

# Universal digital measuring system 2m

## Description

This universal magnetic DRO measuring system is suitable for mounting on a 2-metre-long roller conveyor for accurate and perfect longitudinal measurement and precise positioning.

### Features

- LCD display with 8 digits
- Linear guide: lubrication-free, smooth running, wear-resistant, corrosion-resistant
- Parameter storage function
- Extremely compact and robust design
- Foldable stop
- Simple mounting
- High resolution
- Both the sensor and magnetic strip are protected against harmful external contaminants such as dust, chips, etc.
- Resistant to humid and high-temperature environments
- Including two AA batteries
  
- Max. clearance between probe and tape 2.0 mm
- Measuring accuracy : +/- (0.025 + 0.02 x measuring length (m))

### Functions

- Flexible zero point adjustment
- Automatic zero setting in the middle of a track
- Absolute and relative counting function
- Units in mm/inches
- 4 switchable relay outputs
- RS-232 interface

### ATTENTION:

Roller conveyor is not included, so do not forget to order it!

## Extra information

---

Item number	16831	
Model	HU 2M DRO	
EAN	8718242584524	
Article group	HUVEMA Machines Retail	
Brand	Huvema	
Features	Length measuring range	2000 mm
	Length	2200 mm
	Width	140 mm
	Height	160 mm
	Weight	17 kg
Article group code	2368349
