

Pegboard

Description

This perforated metal tool wall is provided with holes for the attachment of tool hooks and bins. The ideal way to organize all your (special) tools at a glance and to keep your workshop or garage organized. This metal hanging board is easy to mount behind a workbench or simply on the wall. With the wide range of separately available hooks and hook sets you can store every tool firmly and clearly on this wall plate. Available in various standard sizes, which can be easily linked together in length and width.

Properties:

electrostatically powder coated
color RAL 7016
all four sides double bent
made from 1.20 mm. sheet steel
