

Belt grinder

Description

Professional stationary belt sander for grinding and polishing work. Perfect for rough grinding, edge finishing, peripheral grinding of carbon steel, stainless steel, wood and plastics.

Features:

- Robust three-phase motor of 3 kW power consumption
- Quick and easy change of grinding belt.
- Access to grind flat surfaces using the entire length of the belt.
- Two speeds of grinding belt, making it suitable for working with non-woven and coated abrasive.
- Possibility of connecting an extraction system

Supplied as standard including:

- Grinding belt 75x200 mm made of zirconium woven cloth

Extra information

Item number	16658		
Model	BL 75 S-4		
EAN	8718242585286		
Article group	K2 - Retail machinery		
Brand	Huvema		
Features	Engine power	3 kW	
	Weight	60 kg	
	Belt dimensions	75 x 2000 mm	
Article group code	2442268
