

Milling machine

Description

Universal Milling Machine, designed for the precise execution of all types of milling operations. Equipped with double 55° dovetail guideways on both the Y and Z axes, ensuring easy adjustment. The reinforced ribs on both sides of the column make the machine extra robust and stable, with a modern design. A high-quality multifunctional milling machine at a competitive price.

- High-quality cast iron construction with high rigidity.
- Easy conversion from vertical milling to horizontal milling.
- Coolant system.
- ISO 40 spindle.
- Automatic feed for the X and Y axes.
- Oil collecting plate.
- Spindle guard.
- SINO DRO from the Huvema brand.
- Variable speed.
- Swing-arm control panel.
- 90° swiveling milling head with fixed tilting position.
- Standard with vertical lifting motor.
- Equipped with all safety features.

Application: In professional workshops, industrial environments, and (vocational) training.

Extra information

Item number	30774
Model	HU 33 A-4 Vario DRO
EAN	8718242584456
CBS Statistics number	84596990
Article group	HUVEMA Machines Industrie
Brand	Huvema

Vertical spindle speed	66-4540 rpm
Voltage	400
Weight	1650 kg
Packaging dimensions	1566 x 1650 x 2080 mm
Power	5,2 kW
	3,7 kW
	SK40 (DIN2080 ISO 40)
	n.v.t.
	127 mm
	Auto. 0,04-0,08-0,15 mm/rev & handmatig
Features	100 mm
	1370x305 mm
	850 mm
	415 mm
	355 mm
	T16 - 3 - 63 mm
	500 mm
	220~750 mm
	+90 / -90 °
	+90 / -90 °
	+45 / -45 °
Machine dimensions	2080 x 1810 x 2390 mm
